1. Approval of the development of up to 20 units of elderly housing in the former Thunderbird Motel on Main Street;
2. The appropriation of and authority to borrow up to \$37,000 as the Town's share of the reconstruction of the Chapman Brook Bridge;
3. The acceptance of Chandler Terrace as a Town Road;
4. The purchase of 16.78 acres of land off Bridge Street (four acres intended to become part of the Town Garage Lot with no dedicated use and 12.78 acres intended to be used for future recreational purposes) for \$33,000 of which \$11,000 could come from State and Federal funds.

5. The enactment of a revised dog control ordinance to replace the ordinance enacted by the Town March 1, 1971; and

6. The purchase of land between the Ferry Road Crossing and the former Cemetery Crossing in West Bethel for street right-of-way for a sum not to exceed \$6,000 which would include related legal costs for the purchase.

A copy of the complete warrant for the meeting together with background information on each article will appear in next week's issue of The Citizen.

(New advertising rates are listed on Page Three.)

A nearly 40% increase in cost of newsprint, ink, electricity, etc., as well as substantial increases in second class postage have necessitated the changes.

## IN MEMORIAM

Stanley F. Barrett  
who passed away  
August 28, 1939

When God calls little children  
To dwell with Him above  
We mortals always question  
The wisdom of His love  
For no heartache compares with  
The death of one small child  
Who does so much to make this  
world

Seem wonderful and mild.  
Perhaps God tries  
Always calling the aged to His fold  
And so He picks a rosebud  
Before it can grow old.  
God knows how much we need  
them

And so He takes but few  
To make the land of Heaven  
More beautiful to view  
Believing this is difficult,  
Still somehow we must try.  
The saddest words that mankind  
knows

Will always be "Goodbye".  
So when little ones depart  
We who are left behind  
Must realize how much  
God loves children,  
For Angels are hard to find.

Mrs. Joseph Barrett  
Mr. & Mrs. Ellsworth Lawrence  
West Paris, Me.

## TO BE 100 IN DECEMBER

Miss Julia A. Ball will reach her 100 year anniversary date in December 1980. She was born and grew up in Newfoundland. A sister, Delcie, in her nineties, resides in Northern Arm, Newfoundland. Miss Ball worked as a cook in a suburb of Boston from 1914 until her retirement. She came to Newry in the early seventies and made her home with a niece and nephew, Mr. and Mrs. James Duran. Through these years, Miss Ball has been active, reading, writing letters, feeding the birds, taking care of her own grocery shopping, either at Bethel or Rumford, and once a month does her own business at the Casco Bank. Due to the Durans poor health she has been living in Rumford since October 1979. During the winter Raymond Ball takes her shopping, in the summer a niece, Gertrude Woods, takes her. She lives in an apartment owned by Raymond Ball of Peerskill, Mich. Other nieces and nephews live in Newfoundland and Canada and many have stopped by to see her when they come to the States.

Mr. and Mrs. John Chase and Crystal, Mr. and Mrs. Robert Stevens, Keith and Jennifer, and Min-dy Merrill, were dinner guests of Mrs. Beatrice Farnum and Mr. and Mrs. Kenneth Hoyt and family on Sunday.

The Woodstock Senior Citizens will hold their regular meeting Thursday, Sept. 4, at the Woodstock Town Hall. Dinner will be served by the Little League Mothers. Following dinner entertainment will be by Frank Pratt with music.

Mr. and Mrs. Belmont House, June and Asa, have been spending a week's vacation at their camp on Bailey Island.

Mrs. Ruth Dunham has returned home after visiting with Mr. and Mrs. Roland McMillin and Mr. and Mrs. Erland Scribner.

Crystal Chase spent the day with her grandmother, Beatrice Farnum Monday. Also dinner guests were Jim and Bobby Hoyt.

## Safety Tip of the Week

### Are You Prepared?

How well equipped are you to deal with the minor emergencies that happen in about every household? If you are prepared for an emergency, it makes the all-important difference between fearful avoidance and self-confidence.

To determine just how well equipped you are to deal with the minor emergencies that happen in every household, answer these questions:

(1) How many times have you or members of your family visited the hospital emergency room in the past year?

(a) none, (b) once or twice, (c) several times; we don't have a family doctor.

(2) Do you have an inventory of first aid supplies in your home? Do you know where all the items are right now, and how to use them?

(a) yes, (b) no.

(3) If your child cut himself or herself and was screaming hysterically, what would you do?

(a) scream and become upset, (b) blank out for a few seconds, (c) feel self-confident.

(4) Have you ever taken a course in emergency first aid?

(a) yes-and the information has been very helpful, (b) no, but intend to in the near future, (c) no, I don't think I would want to.

Good for you if you answered (a) in the fourth question. A First Aid Course is an inexpensive investment which can pay off many times over, even if you never have to face a severe crisis. The self-confidence taught in these courses can come in handy when treating even minor mishaps.

Even if you are self-certified in first aid procedures, you should always keep some vital information by the phone in case you or your family has to consult medical professionals in an emergency.

Again, if you are interested, please contact Arlene Greenleaf (824-2744) or Florence Merrill (824-2521) for information on First Aid Classes offered in Bethel.

Olive Davis, Corres.

Mr. and Mrs. Joseph Young call on me Tuesday afternoon. I went to Bridgton Sunday afternoon to call on Mr. and Mrs. Arthur Andrews. The road through East Waterford to North Bridgton was beautiful. I was surprised to see it was only about two miles different between the Harrison road and Waterford one. The Harrison road is very poor. People are telling of being stuck in the mess on that road. They have been all summer working on it now. I went to Bridgton also on the 24th.

Mr. Walker and Mr. Wornell are baling the hay from the barn. They have been working all this week and still have more to move.

Deven Andrews is rebuilding the barn yard fence for their pony.

Carl and Lettie Brooks and I went to the Conservation Camp to their model Grange Meeting by the Grange Youths in the State. These youths are the cream of the crop and it is a pleasure to mingle with them. What a good time they have in a clean way. We love them. Their program was full of activities. I bet they hated to leave this morning for home. The State Master, Jim Shores, and Dorothy Shores, were present, besides Mr. and Mrs. Russell Brown, the youth leaders and some of the youth committee members. A good delegation from Oxford Grange was present, five from Franklin Grange, one from Rumford and one from Wilton besides others in the audience. Refreshments of ice cream and goodies with punch were served and the youngsters danced awhile after the lunch.

LUNCH IN SHELburne, N. H.  
The Women's Fellowship of the West Parish Congregational Church rode up to Shelburne, N. H., on a recent Wednesday to partake of a delicious luncheon at the Philbrook Farm Inn. Twenty-seven ladies gathered for this last meeting to honor the pastor's wife, Mrs. Sandra Caton.

Devotions were read by Alice Kimball, and an original poem was read by Jane Chandler as a gift of a native-made necklace of native stones was presented the honor guest. Token gifts were also sent home to Christine and Eva Caton. A social time and tour of the old inn was enjoyed and pictures taken.

The Catons have now left for their future home in Pocatello, Idaho.

ORTHOPEDIC SURGEON  
TO MEDICAL STAFF  
H. Rudolph Wirth, Executive Director, Rumford Community Hospital, announces the addition of David T. Greenleaf, M.D., Orthopedic Surgeon, to the Medical Staff, effective Aug. 18. Dr. Greenleaf, who also includes sports medicine in his practice has located his office on the third floor of the hospital.

A native of Coventry, R. I., Dr. Greenleaf received his premedical education at Providence College and graduated from Boston University Medical School. Dr. Greenleaf served his internship at Mass. General Hospital and his surgical residency at University Hospital, Boston. He served his orthopedic residency at Mass. General Children's Hospital, Peter Brigham Hospital, and Beth Israel Hospital, all in Boston. Dr. Greenleaf is a member of the American Board of Surgeons and the American Academy of Orthopedic Surgeons.

Dr. Greenleaf and his family have relocated from Vermont to 123 Franklin Street, Rumford. His wife, Katherine, an Augusta native, is a registered nurse. The couple has three children, David, 14, Dan, 13, and Jenny, nine. The Greenleafs are avid outdoor enthusiasts and plan to take advantage of the area to pursue their interests in cross-country skiing, cycling, and running.

One of the troubles with this old world is that it is packed with people telling other people what to do.

## NOTES FROM Evans Notch

White Mountain National Forest

This past week end saw the closing of the Bog Brook YCC camp. On Friday, the enrollees participated in the finals of a woodsman's competition that has been going on between four crews all summer. The events included tree felling, orienteering, log chopping, crosscut sawing, barrel rolling, pulpwood throw, skill and coordination contests, log carrying, etc. A banquet was held on Friday night for enrollees and staff to mark the end of camp activities. There were tearful "goodbyes" on Saturday morning as 38 enrollees left the Sunday River Inn. The 12 staff members have also finished their duties.

With the price of gasoline being so high, you may want to stay close to home this Labor Day week end. Camping on the White Mountain National Forest is one possibility. There are five National Forest campgrounds (Basin Pond, Cold River, Crocker Pond, Hastings and Wild River) on the Evans Notch Ranger District, and all are within about a 30 minute drive from Bethel. All offer drinking water, toilet facilities, trailer space, fishing, and hiking. Basin and Crocker Ponds also have boat access. With the exception of Crocker Pond, which is free of charge, there is a per day site charge at the campgrounds. Picnic tables are available at Basin Pond, Cold River, Gilead and the Cold River Overlook. If you are planning a stay at one of the campgrounds this week end, get there as early as possible as sites are available on

MIDDLE INTERVAL MEETING HOUSE SOCIETY MET AUG. 20

A meeting of the Middle Interval Meeting House Society was held at the Moses Mason House Aug. 20 to discuss further plans for restoration.

Treasurer E. Augustus Carter reported that the Society now has nearly \$2,000 which includes the recent last payment of the pledge of \$1,000 made last year by Christ Episcopal Church of Norway which for four years has had the use of the Meeting House for their annual Octoberfest Services. It was unanimously voted to extend the use of the Meeting House again to Christ Episcopal for this year's fall service, and Miss Edwina Guyer and Mrs. Mary Verenis of that church who were present, extended an invitation to all Meeting House Society members to attend (the general public is also welcome—date to be announced).

The Concert Committee, represented by Mrs. Arlene Brown, reported it a great success and the proceeds from this are included in the preceding figure. All agree that more concerts will be offered in the future, as this is the type of use to which the completed Meeting House may be offered, as well as for weddings, or craft shows, or community meetings.

The project to "sell" the foundation stones was outlined by Mrs. Rebecca Carter Bailey, and the wording of the certificate to be given purchasers discussed. The stones which there are only 34 will each be sold for \$100 which includes a life membership in the Society. They may be purchased from Mrs. Bailey or any member of the Society now. All proceeds, as in the case of the sale of pews, will be used towards restoration.

Steve Wight, chairman of the Restoration Committee, reported on their recent morning meeting at the Meeting House to go over all restoration needs. Improvement to grounds was first discussed—a possible job for this fall. Estimates are already requested on removal of hanging interior wall paper and need for plaster and carpentry work, which include opening the

# End of Busy Season The Week in at Greenwood Washington Recreation Field

by Sen. George J. Mitchell

Saturday and Sunday, Sept. 6 and 7 will be work days at the Greenwood Recreation Field from 8 a. m. to 4 p. m. The main project will be the leveling of the Little League and Softball Fields. Other projects include making benches, removing rocks, building four foot fencing on the tennis courts and leveling the skating rink. While all needed materials are available there is a need for a volunteer crew, rakes, shovels, and wheelbarrows. The Greenwood Recreation Board is asking that all those who enjoyed using the Recreation Field this year help prepare the area for a busy season next year.

Over 60 ball games and 20 tennis lessons were scheduled at the recreation field this summer. At least four local groups used the area for picnics and field days. Add to this the spectators, and the tennis enthusiasts, whose numbers are growing. The number of persons enjoying the use of the recreation field is considerable. This work week end offers everyone an opportunity to repay the community for some of the enjoyment it has given this summer. Whether it's for an hour or a day, all are encouraged to lend a hand.

## SHERIFF HOWE URGES CHECK UPS ON VACATION PROPERTY

Labor Day is the last big holiday and official closing of the summer vacation season. On this day, thousands of summer homes and cottages will be vacated; Oxford County Sheriff Al Howe urges residents and non-resident summer property owners to allow sufficient time, to apply a few checks, to secure their property against weather, animal and human intrusion.

The roof should be checked for leaks; the roof edges, to make sure they are properly nailed down; the chimney opening should be covered by screen or cover, to prevent birds and rodents from getting into the cottage. These creatures can be as destructive as human vandals!

A check of floors, wall bases, etc., should be made for holes that would provide entry to rats and mice.

Door and window locks should be in working condition; broken window panes should be replaced.

Sheriff Howe stated the crime of burglary and theft is still Number One in the county; property owners should make every effort to apply preventive measures against burglary. Valuable articles, small in size, should be taken home, placed in a bank vault or left with relatives and/or friends in the area. Firearms, liquor and medication should be removed; there were several camp breaks last season, where liquor and tranquilizers had been left on the premises. The intruders had themselves a big party; the result was extensive damage to the building and contents. Sheriff Howe believes this might not have happened, had it not been for the liquor and drugs. Wood stoves are still a prime target; grates and stove covers should be taken home. An incomplete stove is less likely to be stolen. Property left in the summer home should be inventoried, room by room. A copy of the inventory to be left with the caretaker or a friend in the immediate area. Items left should be marked with the owner's social security or operator's license number; this can be done by engraving or with an invisible ink. Antique items should be photographed in color, a set of the photographs should accompany the copy of the inventory left with the caretaker or friend. The Sheriff stressed the importance of the caretaker or friend having the inventory, photographs and telephone number(s) where the owner could be contacted, if needed.

The final check before locking the door should be made with care; every room is checked, starting with the upstairs; windows locked, inner doors closed, lamps and electrical appliances turned off and disconnected from wall outlets; matches left, to be in a metal container; porch and lawn furniture stored; nothing left in building that is to be taken home; the exit door is locked and checked. Out buildings, if any, should be checked.

After Labor Day comes the return to school; hundreds of children will be on our streets and roads. Our residents operating motor vehicles must remind themselves that school is open and exercise a greater degree of caution. Sheriff Howe stated particular attention is directed to the laws regarding school buses and crosswalks.

Stopped School Buses. The operator of a vehicle on a way or on school property, upon meeting or overtaking a school bus from either direction which has stopped,

last week approved an amendment which I submitted to increase this year's funding level for the low-income fuel assistance program by \$200 million.

I am gratified that my fellow members of the Committee recognized the importance of this funding increase for this winter. This increase is extremely important to Maine, if we are to maintain last year's funding level. Without the funding increase, Maine would receive nearly 38% less than it did last year. In actual dollars, Maine would have lost nearly \$3 million for the coming winter. However, two significant factors are involved which lower the actual amount of dollars even more.

First, the Department of Energy has predicted that heating cost will rise this winter. DOE projects a 26% increase in the price of oil, 14% in the price of gas, and 13% in the price of electricity.

With unemployment on the increase, and most certainly a colder winter in store than was experienced last winter, this means that further increases in heating oil costs will hurt ever more.

Second, more people across the country are eligible for assistance under the program, because of a new distribution formula. That means that the funds available for the program will be spread even thinner.

In order to maintain the program at last year's levels, Maine would need about \$29 million. However, under the projected funding levels for the coming winter, Maine would have received only between \$16-\$24 million.

These are the cold facts and figures that the Budget Committee has to deal with. In human terms, however, it is obvious that the fuel assistance program will continue to be a necessity, in Maine and elsewhere.

When I was Federal judge in Bangor, one of the cases I presided over was a lawsuit brought against the state regarding the administration of last year's fuel assistance program. In the course of that trial, I heard testimony about the program and its operation. Among the most tragic testimony I have ever heard was that of witnesses who told of being in homes with no heat whatsoever, and unable to purchase any oil. In some cases, these were homes with very young children.

Those on lower or fixed incomes are the least able to offset increased energy costs by taking such measures as installing wood stoves, or going to some less expensive, alternative heating method.

And they continue, by necessity, to occupy housing units that are unweatherized—which means that it costs them more to heat their homes than those who can afford to weatherize.

I will continue to support the fuel assistance program as long as it is necessary, funded at such levels as are possible, given our difficult national fiscal situation. But this is not the long-range answer. The real solution for the future, I believe, is to place increased emphasis on weatherization and improvements in heating systems, to provide a maximum amount of conservation.

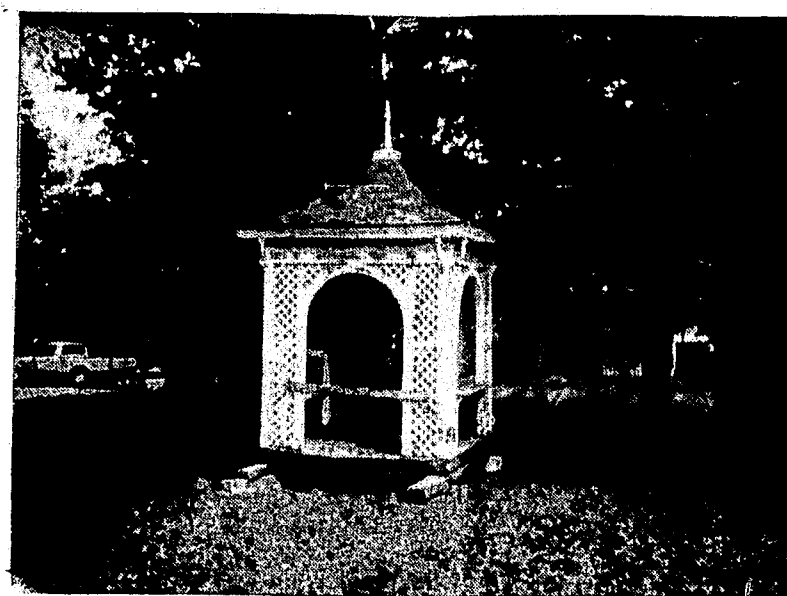

## UMO FRATERNITIES HAVE 2.56 ACADEMIC AVERAGE OUT OF POSSIBLE 4.0

University of Maine at Orono fraternity chapters have upped the academic average of the 500 members to a very creditable 2.56 on a 4.0 scale as the result of an incentive program that has included cash and trophy recognition for scholarship achievement. The academic average of the 18 local chapters was the highest in 10 years after the completion of the 1980 spring semester. The average for all men at UMO was 2.50 during the spring semester.

With its red lights flashing, on the way to receive or discharge school children, shall stop the vehicle before reaching the school bus and the operator shall not proceed until the school bus resumes motion or until signalled by the school bus operator to proceed.

Crosswalks. The pedestrian has the right of way in crosswalks. The driver of a vehicle shall yield the right of way, slowing or stopping if need be to yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.

Sheriff Howe is urging all residents to join in making Oxford County a safer place in which to live and work.

THE SUMMER HOUSE which was formerly on the lawn at the Bethel Area Health Center has been moved to the grounds of the Moses Mason House and will be preserved and maintained by the Bethel Historical Society. ## SENATOR WILLIAM COHEN From Washington

With all Maine people, I shared a deep sense of loss when I learned of the death of Governor James Longley. In many ways, Jim Longley embodied the character and spirit of Maine.

As Maine's governor, he held a position unique in the nation—he was the only independent governor among the 50 states. This was fitting because Governor Longley was a unique man.

I recall his commitment to honesty, his energy, his will, and his belief in the ideals of public service that he put into action as Maine's governor. Jim Longley kept his promises to Maine, and left all of us with an ideal we must strive to fulfill. In many ways, large and small, each person in Maine can work to meet the standards that Governor Longley set for himself and his office.

A meaningful memorial to Governor Longley would be for each of us to commit ourselves to the ideals of public service and to pursue those ideals with a will to achieve them.

While we are all saddened by our loss of Governor Longley, we will always remember his service to Maine.

"Hurry-Up Spending" Last week, I introduced legislation in the Senate to put the brakes on runaway federal contracting practices that cost American taxpayers billions of dollars each fiscal year.

During the past year, I led an investigation by the Governmental Affairs Subcommittee in Oversight of Government Management, on which I serve as ranking minority member, of year-end spending by federal agencies. Our subcommittee discovered that federal agencies routinely spend large portions of their annual budgets in the final weeks of the fiscal year simply to dispose of the money. Since some federal agency managers justify these expenditures by their belief that Congress would reduce funding if some money was returned to the Treasury, we must institute a system that rewards prudence.

The cost of "hurry-up spending" is immense. Based on a survey of the 10 largest federal agencies, our subcommittee investigators concluded that wasteful year-end spending costs American taxpayers at least \$2 billion each fiscal year. The Office of Management and Budget, to date, has not successfully controlled year-end spending. Therefore, Congress must now contemplate legislation which will put a stop to this waste.

My bill will accomplish this by ensuring that our federal agencies adopt a prudent plan of management.

First, my legislation would promote maximum competition for government contracts. Currently, too many contracts are awarded without competitive bidding. This practice inevitably pushes costs up, without guaranteeing any better quality in service.

Second, agencies would be required to submit a contract plan for the fiscal year, describing what purchases are foreseen.

Finally, the Office of Management and Budget would be required to strengthen its audit program to permit the public and Congress to determine how well government programs are doing in seeking and obtaining the best service taxpayers' money can buy.

## 85,000 MAINE CHILDREN TO QUALIFY FOR FREE MILK, FREE OR REDUCED MEALS

Approximately 85,000 Maine children will qualify for free and reduced price meals and free milk at school this year under new federal eligibility standards based on family size and income.

Gene M. West, director of School Nutrition Programs for the Maine Department of Educational and Cultural Services, stated that the new standards apply to meals and milk served under the National School Lunch, School Breakfast and Milk Only Programs for the 1980-81 school year.

She said that beginning with the fall term, children from families whose income is at or below the levels shown below will be eligible for free and reduced price meals and free milk.

Family Size	Total Family Income	Free Meals—Free Milk (Including Adults)
1	\$0 to \$5,230	1
2	0 to 6,900	2
3	0 to 8,580	3
4	0 to 10,260	4
5	0 to 11,930	5
6	0 to 13,600	6
7	0 to 15,280	7
8	0 to 16,950	8
For each additional family member add	1,680	

Family Size	Total Family Income	Reduced Price Meals

7	15,281 to 23,830	7
8	16,951 to 26,440	8
For each additional family member add	2,610	

Families not meeting the criteria but who have unusually high expenses such as medical or shelter costs in excess of 30% of their income, special education expenses or casualty losses, may also apply for free or reduced cost (10¢) meals.

In certain cases, foster children are also eligible for benefits, and no children will be discriminated against because of race, color, sex or national origin.

Changes in family size or employment status may make children eligible for additional benefits. Such changes should be reported and a new application filed. All children in a family receive the same benefits.

All parents of Maine school children will receive a letter about the school's breakfast, lunch, and/or milk program during the first week of school. A copy of the Application for Free and Reduced Price Meals and/or Free Milk will be attached to that letter. Parents are requested to read the letter carefully, complete the application, and return the application promptly to the school. It is beneficial to the school to receive as many of these applications as possible.

The information provided on the application is confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the local school district's policy relating to free and reduced price meals, the approving official will review applications and determine eligibility. If dissatisfied with the ruling of the official, a parent may wish to discuss the decision with the determining official on an informal basis. If a formal appeal is desired, the parent may make a request either orally or in writing to the Superintendent of Schools for a hearing to appeal the decision. The policy contains an outline on the hearing procedure.

A copy of the complete policy statement is on file in the office of the Superintendent of Schools and may be reviewed by any interested party.

**WALKING WITH JESUS CHRIST**  
Okay then, let's put on our reading glasses and see what God's Word, the Holy Bible, has to say—for example in Isaiah 45: Taking a few of the Words—we are told: "I am the Lord and there is none else—I form the light and create darkness—Thus saith the Lord, the Holy One of Israel—I have made the earth, and created man upon it; I even my hands, have stretched out the heavens, and all their host have I commanded. (Stars and Planets). For thus saith the Lord who created the heavens, God himself who formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord, and there is none else. I have not spoken in secret, in a dark place of the earth. Assemble yourselves and come; draw near together—Tell ye, bring them near; yea; let them take counsel together.

Who hath declared this from an ancient time? Have not I, the Lord? And there is no God else beside me, a just God and Savior; there is none beside me. Look unto me and be saved, all the ends of the earth; for I am God, and there is none else. I have sworn by myself, the Word is gone out of my mouth in righteousness, and shall not return, that unto me every knee shall bow, every tongue shall swear. (He is Lord).

Interesting indeed. For a believer there's no problem of how the stars are "hung" in place—even our earth hanging in seamless void, no strings, ropes nor magnets to hold it up—come to "think" of it—which way is up?

Does it not seem silly for so many scientists to spend dollars and energy to try and prove that which is not true—that theory of evolution, the "big bang" idea and that we were made from Cosmic dust?

Once we thought the earth was flat—now we're reaching out to Saturn and beyond—and guess what? Each "new" bit of knowledge we gain—we prove the Bible. Isn't it time we trusted God at his Word and accepted Him as Lord—our own personal Savior? "For God so loved the World, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." John 3:16.

## FROM THE TOWN OFFICE

continued from Page One  
ing, snow removal, and storm  
drainage. Dana Douglass, chairman  
of the Planning Board, reported  
on a previous meeting with John  
Wasileski, representative of Dic-  
tar Associates of Portland, and in-  
formed the Selectmen that Mr. Wa-  
sileski would be presenting more  
detailed information on the pro-  
ject at the Planning Board's next  
meeting on Wednesday evening,  
Sept. 10. The Selectmen were in-  
vited to participate in this meet-  
ing.

At 7:30 the Selectmen met with  
members of the Safety Committee.  
Some of the recommendations the

Committee felt the Selectmen  
should take under advisement in-  
cluded better enforcement of the  
Loitering Ordinance and improved  
enforcement of village speed lim-  
its, particularly during the hours  
children will be traveling to and  
from school. The Committee also  
reported that it was progressing on  
completing the street numbering  
project.

At 7:30, the Selectmen went into  
executive session with the Safety  
Committee to discuss personnel is-  
sues and a specific complaint and  
resumed their meeting at 8:10.

Pursuant to a recent Supreme  
Court decision, regarding a con-  
cealed weapons permit case in the  
Town of Freeport, the Selectmen  
voted to change their policy of not  
issuing these permits. They did,  
however, direct the Manager and  
Town Clerk to obtain copies of  
application forms from other  
towns and draft a revised form for  
Board review by Sept. 30. They  
also asked the Manager and Clerk  
to look into the establishment of a  
fee for such permits.

In other actions, the Selectmen  
approved the appointment of Mer-  
ton Brown as Warden for the Sept.  
23 Special Election, and set the  
hours for voting as 10 a. m. to 8  
p. m. at the Bethel Fire Station.  
A buried cable permit was approv-  
ed for Continental Telephone Co.  
to install a buried cable on Para-  
dise Road. The 1980-81 contract  
to supply gasoline to the Town  
was awarded to Goodspeed Oil of  
Norway at \$1.073 per gallon and  
the 1980-81 contract for supplying  
#1 and #2 fuel oil was awarded to  
Brooks Bros. Inc., as the overall  
low bidder.

The Selectmen reviewed the pro-  
posed warrant for a Special Town  
Meeting to be held Tuesday, Sep-  
tember 9, at 7:30 p. m. in the  
Auditorium at Telstar Regional  
High School. See separate article  
indicating issues to be considered  
at the Special Town Meeting.

## HEALTH EDUCATION NEWS: Healthwise Course to be Offered

How to deal with an aching back,  
the common cold, medical emer-  
gencies and stress related prob-  
lems are just some of the topics  
which will be included in the  
HEALTHWISE, an adult, self-care  
health education course to be of-  
fered in Bethel this fall. A major  
focus of the course will be on  
individual responsibility for main-  
taining and improving family  
health. Time, worry and expense  
can be minimized by knowing when  
and how to treat minor illnesses at  
home and how to recognize when  
more skilled care is needed.

The HEALTHWISE course is be-  
ing organized by Mary Ann O'Con-  
nor, S. A. D. #44 Health Educa-  
tion Coordinator and will be of-  
fered in Bethel through Adult and  
Community Education. The pro-  
gram is also being co-sponsored by

Records show that for the school  
year ending in February 1898,  
Maenette Littlehale taught at Sun-  
day River, District 1, during the  
spring term, with nine pupils.  
Dan Smith taught the winter term  
with 11 pupils. Both were paid  
\$3.50 per week and paid \$2 per  
week for board. As in all the other  
schools in town, one teacher  
taught all eight grades.

The Sunday River School was  
closed at the end of the 1942-43  
school year. Beginning in the fall  
of 1943, Sunday River pupils were  
transported to Bethel, where they  
attended school on a tuition basis,  
until School Administrative District  
#44 was formed in 1965. Mrs. Ha-  
zel Demeritt was the last teacher  
at the Sunday River School. She  
lived in the Waterford area and  
traveled back and forth, riding  
with one person from Waterford to  
Bethel, another from Bethel to  
Swan's Corner, and walking from  
Swan's Corner to the school.

Since 1943 the school house has  
been used as a community center.  
For many years, Mrs. Julia Fleet,  
who taught school there both be-  
fore and after her marriage, taught  
Sunday School there. She was forced  
to give this up a few years

ago because of ill health.  
At Town Meeting in 1976, Mrs.  
Florence Baker was appointed  
Chairwoman of the Bicentennial  
Committee. She had as her pro-  
ject restoration of the Sunday  
River School House. She and her  
husband, Romeo, with others as-  
sisting, did a splendid job of  
cleaning and restoring the build-  
ing. One Saturday during the sum-  
mer, Open House was held, with  
many former teachers, pupils and  
old friends attending. Last sum-  
mer and at times this summer the  
school has been open to the pub-  
lic on week ends. Mrs. Sylvia  
Wight, Mrs. Peggy Wight and Mrs.  
Mary Smith have served on the  
committee for this with volun-  
teers assisting.

In the summer of 1978, the  
school was named to the National  
Society of Historic Places. The  
building has been well maintained  
through the years, and still retains  
much of its original appearance,  
both inside and out.

At the Town's 175th Anniversary  
Celebration, Aug. 9, the Town was  
presented a sign for the school,  
designed and made by Robert Rus-  
sell, who has a vacation home on  
Sunday River.

## LOWER SUNDAY RIVER SCHOOLHOUSE 1895

**SIGN DEDICATED**—Last Sat-  
urday afternoon before a small gath-  
ering at the Lower Sunday River  
School, Roger Hanscom, right,  
also gave a brief history of the  
building and mentioned that one  
of those present, Mrs. Marguerite  
Quinn, once served as a substitute  
teacher at the school in the early  
'30s.

## LOWER SUNDAY RIVER SCHOOLHOUSE — NEWRY

The present Sunday River School  
House, which was then known as  
District 1, was built in 1895. The  
Branch School House on Bear Riv-  
er was built the same year. At that  
time there were six schools in  
Newry, two on Sunday River and  
four on Bear River. That year  
\$700 was raised to build and re-  
pair school houses. At a Special  
Town Meeting in December of that  
year, an additional \$450 was raised  
to complete the buildings.

## Greenwood City

— Mrs. Colista Morgan, Corres. — August dawns are moist, and fog fingers hover in the river valleys. Our lawns are spangled with cobwebs.

On such a morning we were awakened early by the call of a loon. I could scarcely believe it for they seldom visit us. Sure enough, as we ate breakfast, he

and children, Mrs. Dorothy Cram, Amy and Adam, Oxford, called on Mrs. Arlene Farr, Mr. and Mrs. Stan Cram on Sunday.

floated near the shore beyond the mail box. A loon is a solitary bird. He had sleek lines and was light on the water. His head sloped trimly up from a long, sharp bill and the body was in perfect proportion with infinitely artistic designs. This one was curious and intended to inspect his surroundings. He floated up within a few yards of the shore. We watched him dive and play around; an unforgettable picture.

One day the morning dawned bright, with little catpaws barely ruffling the water, so I, with several others went to the coast. Writhing in loops and bends like a mammoth serpent, the highway wound on. Between here and the shore were the cottages and homes of residents.

From directly overhead the sun blazed down upon a bold stretch of coast line, as we came to the coastal area.

Pines, balsams and late roses which swept back and up from the park space; simmered in the heat and gave out a spicy fragrance. Under the sky of pure turquoise a suphure sea ruffled whitely where it laved on the rocks. I had never seen the water at Two Lights so calm.

As we ate our lunch, gulls signalled back and forth with their raucous cries.

A plane climbed high to scribble in the sky.

As Ruth and I took an after lunch walk, we climbed to the highest point. Here the bleached remains of a tree; limbs and trunk storm-beaten reminded me of a prehistoric creature ready to plunge.

Woods and shore remained all afternoon in a doze. The air pulsed with hot sounds from the ancient rocks to the forest green. The cricket shrilled his wing drums; people came and went.

On one obscure trail which we explored, there was a light crackle of pine needles. A turn, a few stair steps, then we were back to the shimmering sun and the almost silent waves, which swished at the feet of a few adventurous figures down on the ledges, which look so much like petrified wood logs.

How glorious the air, salty and exhilarating.

A few sail boats stood out against the hazy horizon.

Lobster buoys rocked lazily, as on a veranda rocker.

It was all sparkling charm and its soft murmuring gave no hint of what could be lurking or the treachery, when it could lash itself into a rage during the swell of wind and tide.

Time sped on and we left with a last glance at a dying wave and the drawing breath of a receding wash, but no other sound. It was a good way to end a nice day.

At the Hayes Homestead the twin daughters of Mr. and Mrs. Duane Hayes, Loanne and Joanne, West Paris, stayed over night with their grandparents on Sunday.

Terry Spire, Indian, is staying there until he finds a house for the family, then they will come east to live.

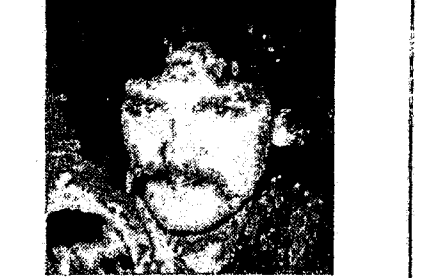

On Monday, Ann Holt took her mother, Fay, Ruth Hastings, Zilpha DiArenzo and me to Two Lights for the day.

David and Sharon Holt, Dexter, were at the homes of his and her parents over the week end.

On Friday, Carl and Lettie Brooks, Lula Newell, West Paris, Ina Smith, Barre, Vt., and I were in Shapleigh to see my sister, and their cousin, Annie Mills.

Our callers have been Frank and Dorothy Curtis, town, Ruth Hastings, South Paris, Lee Ann Curtis, Farmington.

We called on Carroll Nottage, South Paris, on Sunday.

Master Charles Billings, Trap Corner Hill, son of Mr. and Mrs. Earl Billings, Jr., was taken to Norway hospital Monday evening, Aug. 18, and operated on immediately for a ruptured appendix. Two or three days before he became ill, the three year old boy had his long golden curly locks cut off, so the nurses didn't have a chance to take him for a girl. His mother stays at the hospital with him nights and both parents go during the day. He is gaining every day.

Callers at the Lawrences, Mr. and Mrs. Joe Kalinowski, Mr. and Mrs. Ellery Lawrence and family, Wilbur Lawrence, Charles Lozier, Gorham, N.H.

The supper at the Community Hall Aug. 23 was well patronized and the hot biscuits and rolls went good with the beans, scallops and salads. Mike Briggs ate four biscuits and wanted to meet the cook. Everyone was glad to see Mike after a long absence.

The full of the moon and do believe it has brought in hot air. The phlox are just beautiful this year and as I went by to the garden, noticed a few fall asters have bloomed. These are usually at their best Labor Day and as they are much taller than a person we have to hold them up with a rope. Not too much news this week as the gardens are ready for canners to harvest and process.

**The Morning Sun**  
The morning sun brings tender joy  
With happiness awakes the earth;  
The dew kissed flowers it's light's employ  
Their petals open in new birth.  
The birds awaken and all mankind  
Rejoices with songs they sing.  
God's creatures open heart and mind  
To Him their praises bring.  
Should not we, too, give thanks anew  
Greet joyfully each new born sun;  
Wash old sins clean with morning dew  
Give praise to Him, the Holy One.

## Sunday River

**Mrs. R. M. Fleet, Corres.**

Sent in by Eva Yates:  
Monday, Aug. 25, a grand day, warm and nice. Who said "Summer had all gone by?" Garden produce at its best—flowers are beautiful—that's what's its like to live in our good old State of Maine. No nicer place.

Mr. and Mrs. J. T. Yates, Jason and Vanessa, had an exceptional week end. They went to Barrington, R. I., where they attended the wedding of her brother, James Wescott and Diana Horne. The wedding was performed in the garden of the bride's grandfather. A lovely wedding and a lovely time was had by all. Mr. and Mrs. J. T. and family returned home by way of the Benson Animal Farm where Jason and Vanessa had a ride on a camel and saw the baby elephant but when Daddy Elephant blew his trumpet it sure made Vanessa's and Jason's hair stand on end and their eyes grew big and they were ready to go home by way of the Kancamagus Trail, tired but happy.

Lorna Lee Carter and their exchange student, Dorte, called on Lorna's Great Grandmother Eva and Uncle Joe Yates. Dorte plays the piano so they came over to try out Uncle Joe's piano.

Myrna Carter visited her mother, Peggy Blake, Thursday evening.

Saturday Bear River Grangers worked hard all day at the Trap-

mon topic, "Discipline and Discipline." Aug. 25 the church staff meeting was held in the C. E. Building.

Mrs. Frinda Miller just returned from a two week visit with Mr. and Mrs. Harold Ledien of Blue Hill. Mrs. Ledien came Aug. 11 to get her and her grandson, David Dolloff, and his mother, Laura Dolloff and Gail Sidellinger went Aug. 23 to get her. They took her on a lot of sight-seeing trips while she was there that were very interesting to her.

The Flower Committee and Greeters for the month of September at the First Congregational Church are: Aug. 31, Florence and Gail Sidellinger; Sept. 7, Laura Hutchins and Ellen Greeke; Sept. 14, Thelma Clark and Beatrice Dresser; Sept. 21, Betsy and Donald Mixer; Sept. 28, Dorothy Campbell.

Miss Lillian Percival, Gorham, N. H., visited a few days with her nephew and family, Mr. and Mrs. John Percival, Stephanie, Jennifer and Angela.

Children as well as mothers are ready for school to begin, but how soon their enthusiasm fades after a month or so of school.

pers week end—serving lunches and putting on a delicious supper. I will call no names then I won't have to apologize for forgetting anyone but I as a member want to thank everyone who helped in any way. While the chances were not as good nor receipts as good this year—in spite of the hard work of a few we did have fun. Like any organization some are willing and some are more willing that the willing ones do it all. Our cashier was one of the best.

Mrs. Laura Hutchins was at her mother's on Monday.

Mr. and Mrs. B. H. Yates were at their home on the river over the week end after spending the week on the coast of Maine, but left Monday for more exploring on and along the coast.

The "Go Shoes" hung on the hook mostly all week until Saturday and Sunday—they were tied up early and on the road about 7:30 a. m. BICKFORD IS CAMPAIGNING  
FOR COUNTY SHERIFF POST

Norway resident William C. Bickford announces the start of his campaign for the office of Sheriff of Oxford County. Bickford, a 20 year veteran of the Maine State Police, feels there's an immediate need for reorganization of the current sheriff's department. Citing his reasons, Bickford says at the present there is no chain of command, something that is essential to every organization.

In 1978, present Sheriff, Alton Howe, stated that if re-elected, he would establish a 300-hour in-service program for all members of his department as well as any other interested law enforcement officers. According to Bickford, this promise has not been fulfilled and he feels that there's a vast need for an ongoing training program to keep both full and part-time officers updated on all phases of law enforcement.

Direct supervision of patrols is another weak point of the Howe administration; Bickford feels patrols should be beefed up and not cut back during holidays as is the current practice.

Consistent follow-up of criminal investigations is another area that Bickford feels is weak under Sheriff Howe's administration and that all complaints received by the sheriff's office merit investigation, both minor and major in nature.

The internal operations of the county jail are also at fault, according to Bickford, in that the supervision and handling of prisoners is lax. Pointing to instances of in-cell vandalism of new facilities and attempted escapes, Bickford feels a shake down of procedures and management would intensify security and protect and preserve taxpayers' property.

In the area of budget, closer accounting for expenses is a must in order to stay within the county budget and even save taxpayers' money in many instances.

In opening his campaign, Bickford is seeking the support and interest of all Oxford County residents. Bickford says it is in the interest of all county residents to change and strengthen the law enforcement of the county and he contends that only a change of sheriff will achieve that.

Every man who believes everything that he hears has a lot of useless information in his mind.

HAYNER - RIDLON  
ENGAGEMENT

Miss Carol Hayner

Donald F. Hayner, Newry and Mrs. Suzanne S. Hayner, Glastonbury, Conn., are proud to announce the engagement of their daughter, Carol, to Samuel C. Ridlon, of Bridgton, son of Mr. and Mrs. Clifford L. Ridlon Jr., North Bridgton.

An October wedding is planned.

Mr. and Mrs. Raymond Seames, before returning home.

Mrs. Elvira Churchill and Mrs. Lee Mills attended a cousin's reunion at the home of Myrtle Downing, West Paris. Cleve Lovejoy provided music for the event on his electric organ.

The church supper netted approximately \$200. Appreciation for all the workers, donations, and those that helped in any way was expressed.

Mr. and Mrs. John Mills were in Norway Thursday where Mrs. Mills received the good news that the cyst that showed up on previous tests was no longer present in the latest test. I'm sure the many prayers were responsible.

## Tribute to Robert C. Crockett

During the early hours of dawn on the morning of Aug. 23, 1980, our Heavenly Father called Robert C. Crockett to his home above; and though our hearts are sad; God is Infinite in his Wisdom and we accept his Divine Will.

"Bob" as I have known him since 1938 was a devoted, loving and true husband — A devoted cousin to Chester and me. He had a score of friends and his many years of membership in this church, and his faithfulness will long be remembered. He only missed two Sundays from attending services until his illness prevented him from doing so — and gave freely of his time and finances.

His fifty years of service to the railroad will always be remembered along the line from Montreal to Portland. In his home town and surrounding areas he gave very generously of his love; time and financial help to so many persons. He was an inveterate reader and knew much about all walks of life. His vast knowledge of the history of the town will always be missed, as a score of persons were forever coming to him for information of the past. The many hours of pleasures and

## ALDEN A. WILSON

Alden A. Wilson of West Greenwood died Monday, Aug. 25, 1980, following a short illness at the Stephens Memorial Hospital, Norway.

He was born Aug. 12, 1910, at Shelburne, N. H., son of Alden and Jennie Wilson. He had resided in West Greenwood most of his life. He had operated one of the first bulldozers to come into the northeast. He had been a self-employed woodsman for many years and later worked for the Beryllium Corp. as a mine foreman. He had also worked for 10 years for the State of Maine Highway Department. For the past two years he had been employed by the town of Bethel.

He is survived by his widow, Irene, West Greenwood; a daughter, Gloria T. Wilson, Bethel; three sons, Dennis A. and Terry L., both of West Greenwood, and Stanley T., Hanna, Wyo.; a sister, Julia Kennedy, Shelburne, N. H., and 10 grandchildren.

Funeral services were held Wednesday afternoon at the Greenwood funeral home. Interment was at the Pine Grove Cemetery, West Bethel.

love and the times we have shared with him and his widow, Annie, will forever be cherished by Chester and me.

"Bob" was a man of sterling character — and to those closely associated with him in the town there will be an empty spot, that will be impossible to fill — but because of his love — and devotion to all mankind we will strive to live up to the beautiful heritage he left us. His outstanding virtues were Kindness and Honesty to all. We shall long remember his humility to his God — in his Daily Living and the Grace and Dignity of his life — and may these words express in some small way, our Love and Thankfulness for having known such a true person; that knew; that every person; had the freedom to choose; and express his or her belief.

## NTL THANKS MERCHANTS &amp; TOWNSPEOPLE FOR ASSISTANCE &amp; COOPERATION

NTL Institute wishes to thank the merchants and townspeople of Bethel for their assistance and cooperation during the successful season just ended, when programs were held both at Gould Academy and at the NTL Conference Center on Broad Street.

Although Gould Academy will be holding a summer school in 1981, this fact will not change NTL's plans for next year, when the total number of programs and participants is expected to be even larger than in 1980. The scheduled dates for next year's programs in Bethel are June 21-Aug. 16, 1981.
